

# BPIR Declaration - Maxisil P Pool Silicone sealant

Version: 1 11.10.2023

**Designated building product: Class 1**

## Declaration

Gilt Edge Industries has provided this declaration to satisfy the provisions of Schedule 1(d) of the Building (Building Product Information Requirements) Regulations 2022.

## Product/system

<b>Name</b>	Maxisil P Pool Silicone sealant
<b>Line</b>	
<b>Identifier</b>	Maxisil Silicone Sealant P

## Description

Sealing of swimming pools, spa baths as well as elastic jointing on edges

- Water Fountains, water features
- High Humidity environments
- Public showers and changing rooms, i.e gymnasiums

## Scope of use

Expansion joints in ceramic and stone tile installations specifically for underwater use.

## Conditions of use

All surfaces should be cleaned, free of any contaminants including previous silicone sealants using a cleaner that is acetone based or similar. The use of methylated spirits or mineral turpentine is not recommended. Please thoroughly read product technical and material safety data sheet prior to use, including detailed section regarding working temperatures and curing times.

## Relevant building code clauses

First party self-assessment generated Oct 31, 2023 with BPIR Ready.

## Contributions to compliance

Building regulations 1992, Clause B2 Durability, 2.3.1(c) Maxisil Silicone sealant, with only normal maintenance continue to satisfy the performance requirements of this code. The silicone sealant's application is easy to access, replace and easily detected if an issue was present during normal use of the building.
