Everything a Good Tiler Needs!

A division of Gilt Edge Industries Limited since 2013, Tiler's Mate is the leading wholesale supplier of tiling accessory products to the New Zealand tiling industry. Tiler's Mate specialises in the supply of stone, tile and grout cleaning, sealing and restoration products, tile trims, tile cutters, tools and accessories in addition to a comprehensive range of silicone sealants.

Tiler's Mate are wholesalers of products from a number of premium brands — Maxisil, Holer, Aqua Mix, Rubi, Sigma and Gradus to name a few — some of which are exclusive to Tiler's Mate.

Our extensive range of Tiler's Mate branded products enjoys an enviable reputation for quality and value throughout the industry.

We are committed to continual innovation and the development of new product ranges that cater for both the DIY and trade markets.

677042	GT Nippers <i>Offset jaws for accurate cutting of all kinds of tiles including porcelain.</i>

ITEM No.	DESCRIPTION
710111	Rubi Ceramic Tile Nippers <i>The RUBI ceramic tile nippers are an ideal solution for rectifying ceramic tile cuts, especially in tile and glazed stoneware.</i>

TILE GROUT REMOVERS

ITEM No.	DESCRIPTION
676915	Professional Grout Rake <i>For the efficient removal of old grout.</i>

ITEM No.	DESCRIPTION
676916	Blades (2) for Professional Grout Rake #676915

SUCTION CUPS

ITEM No.	DESCRIPTION
678123	Single Suction Cup <i>For maneuvering non porous, smooth tiles, marble, granite and glass during installation.</i>
678124	Double Suction Cup <i>For maneuvering non porous, smooth tiles, marble, granite and glass during installation.</i>
678158	Fixed Drill Guide Metal Suction Cup <i>A quality drill guide with suction cup.</i>

RUBI SUCTION CUPS

ITEM No.	DESCRIPTION
710053	Rubi Double Suction Cup (80kg) <i>The ergonomic design of the grips of RUBI's double suction cup allows the professional installer to enjoy the best position during use, thus reducing effort and fatigue.</i>
710118	Vacuum Suction Cup 200mm <i>The suction cup with vacuum pump adapts to both smooth and rough surfaces, as well as those with varied (structured) textures. With a diameter of 20 cm, the suction cup with vacuum pump is perfect for the manipulation of large format tiles.</i>
710119	Single Suction Cup For Rough Surfaces <i>RUBI's single suction cup for rough surfaces RM has a high strength chassis made of a technical polymer and an ergonomic handle, especially designed to increase comfort and safety during the handling of large format tiles.</i>
710120	Double Suction Cup For Rough Surfaces <i>The double suction cup for rough surfaces (RM) from RUBI, has a high strength chassis made of aluminum and an ergonomic handle to increase comfort during the handling of heavy parts.</i>

RECTANGLE GROUT FLOATS

ITEM No.	DESCRIPTION	
676989	D-I-Yer Foam Rubber <i>Ideal for small tile installation jobs and repairs.</i>	
676990	Tradesman Soft Rubber <i>Natural sponge rubber pad makes this float easy to use. Soft rubber for basic grout.</i>	
676992	Professional Hard Rubber (Epoxy) <i>Natural sponge rubber pad makes this float easy to use. Hard rubber for basic grout.</i>	
677001	Tilers Mate Margin Float Grip Mate	

GUM RUBBER GROUT FLOATS - For Extra Smoothing

ITEM No.	DESCRIPTION	
677002 677003	Professional Standard Gum Float Professional X-Large (16") <i>Ensures a smooth application while forcing grout into joints.</i>	

POINTED GROUT FLOATS - Best for Getting in Corners

ITEM No.	DESCRIPTION	
676988	Professional Jap Style <i>Pointed edge for hard to reach places.</i>	
677008	Professional Gum Rubber <i>Pointed edge for hard to reach places.</i>	

RUBI GROUT FLOATS

ITEM No.	DESCRIPTION	
710063	<p>Sponge Float Pro HiDro</p> <p><i>The RUBI PRO sponge float with plastic handle is ideal for general cleaning of all types of surfaces.</i></p>	
710101	<p>Rubi Replaceable Epoxy Grout Float</p> <p><i>An exceptionally high quality epoxy grout float</i></p>	
710102	<p>Rubi Replacement Floaty for #710101</p>	
710110	<p>Rubi Rubber Grout Float 22.5x10x1.5</p> <p><i>SUPERPRO rubber grout floats offers high flexibility, which is ideal for filling joints up to 3 mm wide.</i></p>	

KNEE PADS

ITEM No.	DESCRIPTION
678292	Crain Professional Comfort Knee Pad <i>Wide Velcro Straps/non pinch. Extra Thick Padding.</i>

ITEM No.	DESCRIPTION
676904	Safe+Pro 2 Ply Knee pads <i>Flexible knee pads enable easier movement. The flexibility allows for comfort and are totally rebuildable with replacement straps, buttons and inserts.</i>
676907	Knee Pad Insert for #676904
676905	Knee Pad Straps for #676904 - Pack of 4

ITEM No.	DESCRIPTION
678173	Neoprene Kneepad <i>Protects your knees whilst working on surfaces including tiles, wood, carpet & viny.</i>

ITEM No.	DESCRIPTION
676900	Tilers Mate DIY Knee Pads <i>A cost effective comfortable knee pad.</i>

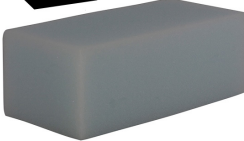

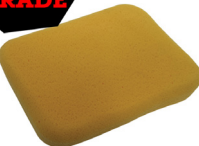

RUBI KNEE PADS

ITEM No.	DESCRIPTION	
710021	<p>Rubi Professional Knee Pads</p> <p><i>Professional knee pads of great comfort. Made of absorbent material to protect against knocks and bumps of the ground.</i></p>	
710023	<p>Rubi Gel Comfort Knee Pads</p> <p><i>Ergonomically designed professional and high comfort knee pads. The design combines the use of hard materials against impacts and uneven floors and soft materials that adapt to the user's anatomy.</i></p>

GRADUS INSERT COLOUR:

Burgundy Buttercup Coffee Evergreen Jet Ocean Poppy Snowdrift Steel

Custom colours available on request.

GREASE RESISTANT / OUTDOOR INSERTS: In any installation location where contaminants such as oils, grease and fats are likely to be trafficked onto stair nosings, the GRADUS Grease Resistant Outdoor Insert must be used.

COMPLETE FIXING KIT: Price includes anti-slip insert which is fitted after fixing of aluminium or PVC nosing profile, in addition to screws and fixing plugs. Adhesive also available. Nosings should always be adhesive and mechanically fixed.

Wear Classification	Group T - Class 34 - Commercial Very Heavy Group T - Class 43 - Light Industrial Heavy

cleaning & maintenance

IMPORTANT Do not use solvent cleaner of any description to clean Gradus products. Floor sealants and polishes should not be used as these will reduce slip-resistant properties and could prove hazardous. Particular care should be taken to avoid cross contamination occurring during the cleaning of other adjacent surfaces. Stair edgings provide an essential slip-resistant function and therefore a regular cleaning and maintenance programme is essential to avoid the build up of dirt and/or grease, which will be detrimental to the slip-resistance of the product.

For full cleaning and maintenance instructions contact Gilt Edge Industries Ltd.
